

***First in Rescue, Safety and Training, LLC.***

**F.I.R.S.T. LLC** is now offering these open enrollment training classes for individuals and companies with employees requiring initial or have employees that were unable to attend their regularly scheduled training. These regulatory compliant classes are presented with a practical approach that maximizes hands-on training. Our instructors are highly respected field experienced Emergency Response Professionals who share their own first-hand knowledge, making the learning process stimulating as well as memorable. . Class enrollment shall have a minimum of **5** students total, from all parties involved. If class minimum is not met then class will be rescheduled.
